GRANT DESCRIPTION

”rescEU medical and CBRN stockpiles
in Romania”

rescEU-MED-CBRN-RO

BENEFICIARY:

Ministry of Internal Affairs – Department for Emergency Situations;
General Inspectorate for Emergency Situations.

GENERAL OBJECTIVE OF THE PROJECT:

The purpose of the project is to increase the level of EU preparedness to properly respond in all type of CBRN incidents/disasters as a last resource, and, more generally, to boost preparedness and response capabilities for cross border health threats, by complementing the existing rescEU reserves.

PROJECT RESULTS:

Public procurement of CBRN equipment for intervention;
Public procurement of medical devices to cover CBRN threats;
Public procurement of therapeutic and protective medicines to cover CBRN incidents;
Procurement of CBRN stockpile rental/insurance and equipment maintenance services.

PROJECT BUDGET: 96.351.484 € out of which 96.351.484 € without VAT (EU CONTRIBUTION – 100%), VAT being an ineligible expenditure.

PROJECT IMPLEMENTATION PERIOD: 33 months (01.01.2024 – 30.09.2026).

Project is funded by the European Union
